REPORT OF THE PLANNING BOARD

During the year, the Planning Board has worked on various projects and made suggestions for improvements which, we hope, will benefit the town.

We are gratified that the School Committee has greatly improved the playgrounds and school areas.

One of our members, Mr. J. H. Gordon, is constructing a large detailed map of the town—4 ft. by 6 ft., showing roads, rivers, houses, and contours, which should be of great assistance to the various departments of the town.

We should like to have anyone wishing to sell land for house lots, contact the Planning Board. Several inquiries for land have already come in.

We have requested additional stocking of fish in Phillips and

Angle Lakes. The State Fish and Game Commission has promised increased allotment of large mouth bass for 1952.

The North Road has been asphalted during the past year, and we expect the Hampstead Road will be started in the summer of 1952.

The main effort of the Planning Board in the latter half of the past year, has been toward attracting industries to locate in Sandown. A few possible building sites have been offered for sale by some of our local people. More are needed. We have been in contact with the industrial division of the State Planning and Development Commission, and they are confident that we have a good chance to get business here, if we meet certain conditions. There is an organization formed by civic leaders of the whole state for lending money to any new business coming to New Hampshire. In order to borrow this money, say to construct a building, a new business would have to locate in a town which has a local organization to promote new industry.

Before making any further efforts in this direction, we should like a vote taken at Town Meeting, as to whether or not the town people want a suitable business to locate here.

We trust our planning work has met with your approval during the past year.

SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Sandown qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the seventh day of March 1952 at eight o'clock in the evening to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will vote to raise and appropriate the sum of \$1,500 to be held in a capital reserve fund for the purpose of building a new consolidated school, and pass any vote relating thereto.
10. To transact any other business which may legally come before this meeting.

Given under our hands at said Sandown this twenty-third day of January, 1952.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Sandown:

It gives me a good deal of pleasure to submit this my second annual report as your Superintendent of Schools.

Sandown's two schools opened in September with a total enrollment of 53 children. This meant an increase of 5 pupils over the year before. Clark school with an enrollment of 25 is bearing the brunt of the increase, and is just about up to capacity as far as space is concerned. If Sandown is to follow the trend that is hitting most towns, it can expect a further increase in its enrollment in the years to come.

Sandown has been fortunate in securing and holding teachers who are familiar with the single room multiple grade set-up. Add to that the fact that your teachers have been doing very good work in the instruction of their pupils and you can feel justifiable pride in your schools.

It is to the credit of the School Board and citizens that you are willing to provide your schools with the instructional facilities that are necessary for good teaching. Results shown by a comprehensive testing program in grades 4-6 and 8 have indicated that your money has been well invested.

This report is accompanied by a page devoted to Return of District Revenue, which shows the actual budget that the school district is using for the current year 1951-52.

Teachers

Sandown is again fortunate that new teachers weren't needed. The work of Mrs. Allen and Mrs. Guinesso is commendable, and much has been gained by their continuous service.

Miss Anne-Marie O'Shea, B. U. School of Music "51" to replace Miss Jean Readio who resigned to be married. Miss O'Shea's musical background has permitted her to fit very nicely into the type of instruction necessary for a Supervisory Union position.

Hot Lunches

Mrs. Nellie Geisser, Director has been doing a fine job with the lunch program. Miss Ruth Cutter, after inspecting the program advised that application be made for a Class A lunch instead of Class B under which they were functioning. Miss Cutter felt that there were so many A features about the meals being served that the school district should receive the benefits of the extra reimbursement of two cents more per meal served.

The School Board has included an additional 100 dollars in the 1952-53 budget for the express purpose of furthering hot lunches for the children. This is a definite step in the right direction and I hope you see fit to vote the appropriation.

Testing Program

A Union wide testing program has been instituted this year. Children in grades 4, 6, and 8 were tested in October by the University of New Hampshire counseling service. Grades 4 and 6 were given Mental Efficiency tests plus Achievement tests in Reading, Arithmetic and English. Grade 8 was given a battery of tests which included, Interest Inventory, Mental Efficiency, Mechanical Aptitudes and Comprehensive Reading. Grade 8 tests shall be used as a medium for counseling and guiding pupils into selection of a high school program best fitted for them in terms of interest and abilities.

These tests are in the hands of the respective teachers who would welcome the opportunity to sit down with any and all interested parents for a discussion of their child's problems as indicated by the tests. Naturally these tests are not infallible, but they are of immeasurable help when supplemented by the teacher's judgment. I urge parents to take advantage of this opportunity to sit down with the teacher and discuss their child objectively.

Guidance

As the value of a testing program must be measured by its use and because the State Department recognizes the value of a full time Counselor in Guidance Work, the Union has voted a sum of money to pay part of such a man's salary. The State Department of Education has consented to match the amount voted by the Union in order to set up a pilot program on a supervisory union basis. This program will be the only such program in the state and will be closely supervised by your Superintendent and the State Guidance Director. It should prove of great value to Sandown in that it will make available a man trained in counseling techniques to work with parents, teachers, and children in working.

toward the solution of problems in mal-adjustment, truancy, and others common to the advanced or retarded pupil.

Sandown's share in the services of such a person will amount to seventy-four dollars. Indeed this should be a small sum when you take into consideration the many fine services such a man can offer.

Looking Ahead

Sandown has been wisely setting aside a sum of \$1,500 for a Capital Reserve fund to aid in the building of a new school. As the need for a new building is becoming more and more acute; I would hope that careful consideration of such a program would be given. The one room school with its outside privy is fast becoming outmoded by the consolidated school where all the children can learn to play, work, and live together in a warm, friendly, and healthful atmosphere. Sandown's children deserve the best.

Finally, I wish to express my appreciation to the school board, citizens, teachers and pupils of Sandown for their friendly cooperation. It has made my work very pleasant.

Respectfully submitted,

Louis L. Ramsay, Supt.

HEALTH SUPERVISION

To the Superintendent and School Board, Citizens of Sandown:

Following is a report of the school health program from January 1, 1950 to January 1, 1951.

The same program of health supervision in the schools has been carried out this year. Monthly inspections of heads, skin, etc., visual and hearing tests, examinations of teeth, throats, glands, and posture. Defects found were followed up with home visits and where necessary, ways were provided for the corrections to be made. Weighing and measuring in September, February and June.

Brief health discussions were needed. Pupils in the four upper grades were skin patched for tuberculosis.

Those who are instrumental in providing hot lunches for the children are doing a wonderful job.

I am grateful for this opportunity to thank those who have cooperated and given this program such fine support.

REPORT OF MUSIC TEACHER

To the Superintendent and School Board, Citizens of Sandown:

The first consideration in all music work in the schools is the child; his mental and emotional condition, his tendencies and possibilities for absorbing music.

There is a way to teach music to children in the schools, a way which emphasizes the mission of music as a potent force in its power to soothe and heal; to inspire and stimulate. This way entails:

Music Reading, which is simply a means to an end which permits a wide experience in **Song Singing**, which is an incentive to musical growth and results in **Music Appreciation**, which is the open door to greater opportunities in the world of music.

Besides these above phases of music, the children have had experience in Folk Dancing, Music Listening and Music Theory.

The younger children in the town presented a Christmas Operetta in December and the older group told us the history of some of the carols which they sang during their tableaux. Both of these, through combined efforts of teachers and pupils proved successful.

I wish to express my appreciation to the School Board, Superintendent, teachers, parents, pupils and other citizens for their co-operation.

Respectfully Submitted,

Anne-Marie O'Shea,

Music Supervisor
